

Feedback Revision Form for IU:2 for Dara Cepeda by Romel Palomares

You will provide feedback to the assigned student on his/her IU, and in turn you will receive feedback from that person on your IU. Timely feedback is important. You are graded on the content and timeliness of your feedback. You must plan to send feedback 24 hours prior to the due date of the project. Therefore, you need to send your IU to your feedback partner 48 or 60 hours prior to the due date of the project.

Use this form to document your feedback partner's comments and your response to those comments.

Your Name:	Dara K. Cepeda
FB Partner's Name:	Romel Palomares
Project:	IU 2
Date:	6/23/2012

Feedback Partner's Comment	Learner's Response
Introduction Dara, you need to add an introduction that provides an overview of the instructional unit.	Thank you Romel, I will add it as soon as possible. I was actually following Dr. Corbeil's project sample, which did not include an introduction, and a summary.
Goal Statement Your goal statement describes your instructional intent. Good Job!	Thank You!
First-Level TaskAnalysis Dara, your first-level task analysis does include a list of the main steps to perform the goal. Great!	☺ great!
In-Depth TaskAnalysis Dara, your in-depth task analysis includes a flowchart that depicts the main steps. It's easy to follow and very colorful. Great Job! One recommendation, draw an arrow to connect your entry behaviors to the first step of your main steps.	Thank You, I'll take your recommendation into consideration.
Learning Domain Dara, I believe your goal statement is correctly classified into one of 4 learning domains: In this case it's in the Intellectual Skills.	Thank you
Peer Evaluation Appropriate.	Great ☺
Summary Dara, you need to add a summary in which you summarize UI#2 and in which you introduce IU#3.	Yes I will

<p>Overall Dara, your IU #2 effectively addresses the five essential elements of this assignment with exception that you still need an introduction, summary and the brief description for the peer evaluator.</p>	<p>Thank You Romel, I appreciate you evaluating my instructional unit, and will take your recommendations into consideration. Thanks again 😊</p>
